ABSTRACT

This directory, the last of four volumes devoted to the description and tabulation of multicultural programs offered within the United States on the postsecondary level, continues the listings begun in the previous three volumes. This volume lists, in alphabetical order the schools from Oklahoma through Virgin Islands and includes Guam. Volume Four concludes the tally of schools that provide: a concentration; an undergraduate major or minor; an associate's, master's, or doctor's degree, and/or a certificate. Page number references for the more detailed information contained at the end of the volume are also provided. Specifics include faculty listings, student participation figures, and curriculum breakdown for each ethnic studies program. (LH)
